

Lo incognoscible

Que no se puede conocer. Dios es aquello que no conocemos. La dimensión superior a nosotros que nos sobrepasa y no podemos abarcar. Dios es lo que va más allá de nuestro entendimiento, lo que no vemos, pero sí alcanzamos a sentir. Dios es el mar del que sólo vemos la superficie.

Lo que setimos, pero no vemos

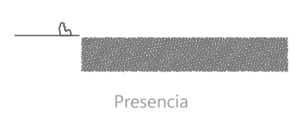

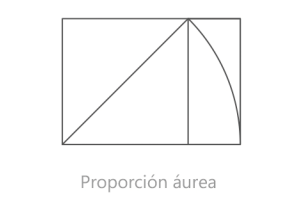

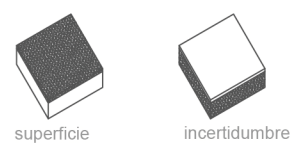

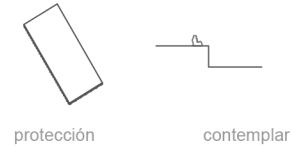

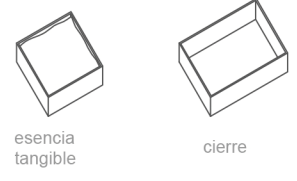

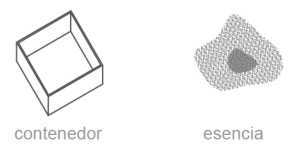

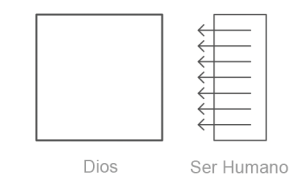

Dios puede estar ahí. En la existencia sólo encontramos vacío. No podemos ver nada. Pero podemos intuir. Podemos soñar. Podemos creer que Dios está. Una gran bañera de piedras, de la que sólo vemos la superficie. Intuimos que hay más, pero no podemos verlo. Sólo podemos creer.
