

Pages 7–11**Grantee List**

This section lists all of the grants awarded by the Graham Foundation in the subject year. The grants are listed alphabetically by official applicant. In some cases, grantees did not choose to have their projects listed in this volume. The projects that are included, and are described in further detail, are listed in boldface type. Each project is preceded by a reference number which uniquely identifies the project.

Pages 13–61**Abstracts**

The abstract column contains the following information:

1. The project abstract reference number.
2. The name of the person or institution to whom the award was directed.
3. The project title.
4. The type of work—exhibition, publication, educational programming, etc.—being undertaken.
5. A short abstract, written by the grantee, of the work being undertaken. At the end of the abstract, the Graham Foundation grant number is given in parentheses.
6. The primary contact for further information relating to the project.
7. The name and affiliation of the principal investigators.
8. The project focus, that is, the general area of concern to which the project is directed.
9. The chronological period considered by the project.
10. An estimated completion date.
