

Beca Arquia 2022

testimonial,

The main testimonial we can provide, of any work and life experience, should never be only about our individual space, but mainly about the idea of civic space; and, therefore, about the collective of people we meet; in that sense, I would like to highlight the excellence, focus and professionalism of the following collaborators, with whom I had the pleasure to work: Verena Recla, Maria Ubach, Marta Grzadziel, Diego Díaz, Toni Posh, Yorgos Apostolopoulos and Hellen Boje.
