

Cachivaches Albinos

Concept+Design.Space design for The Coffee Break 2010. Badajoz

October 2010

TCB2010, Badajoz [ESP]

Space Design

Completed: September 2010

Client: Gabinete de Iniciativa Joven de Extremadura

Budget: 26000€

Area: 700m2

New ambient design for 5 spaces:

" Idea of provisionality, DIY... The imaginary one to half a way between situations of assembly-disassembly... [red] blank that will be filling-completing-modifying..."

.red+identity: as 'TCB'2010

.transformable: quite painted with red-blackboard painting, to draw, make art, to register, to interact, and to get dirty...

.recycling, re-used: quite managed with the recovery of furniture rejected in clean points of the region.

.participative: everything has taken place in house: GIJ production-team, local workers, and by means of a workshop that we coordinate to produce another part of the material to himself.

.playful: not only there are counters, chairs and tables: there are slates, swings, tumbonas, benches ...
